

# Wireless Network Usage Guide

## ● How to top up the account balance

**Method 1:** On-site. Room B104, Lee Shau Kee Science and Technology Building, 13:00-16:00 (university-scheduled holidays excluded).

**Method 2:** Online platform. Logging into the Campus network self-service platform <https://usereg.tsinghua.edu.cn>, top up the balance through the "self-payment" function, please note that only WeChat Pay can be accessed via intranet

**Method 3:** WeChat Enterprise Account. Follow the WeChat Enterprise Account "清华大学信息服务 (Tsinghua Info Service)", top up the balance through the "网络服务 (Network Service)" function.

## ● Internet Access Methods:

### Wi-Fi:

#### 1. Tsinghua-IPv4:

After connecting, the campus network login page will automatically pop up. Enter the username (campus network account) and password (unified electronic identity password) to authenticate.

If no pop-up appears: Manually open a browser and visit

<https://login.tsinghua.edu.cn> or <https://info.tsinghua.edu.cn>. enter the username and password then click "Connect". You are able to access network resources after authentication.

#### 2. Tsinghua-Securc:

Username: Campus network account

Password: Not the same as your unified electronic identity password (must be set separately).

### How to set:

✓ Visit <https://usereg.tsinghua.edu.cn>.

✓ Go to "User Center-+Reset Tsinghua-Secure Password".

Note: The password must differ from your unified identity password.
