Webinar 1 (April 15)  Browsing Online Course Designs

It is now the time to browse online course designs for higher education. This webinar will focus on the development of an online course design that is effective and engaging. Attendees will learn how to assess the needs of their students and create a course design that meets those needs. The webinar will also cover the use of technology in online course design and how to create a course that is accessible to all students.

Webinar 2 (April 25)  Answering written exams online in the COVID-19 period

This webinar will focus on how to answer written exams online in the COVID-19 period. Attendees will learn how to create and deliver online exams that are fair and equitable for all students. The webinar will also cover how to ensure that online exams are secure and that students are able to take them safely.
